

Bay-Friendly Landscape

The North Branch of the Berkeley Public Library is a Bay-Friendly Rated Landscape. The library has exceeded conventional landscape practices for waste prevention and recycling, resource conservation, pollution prevention, water and energy conservation, and wildlife habitat preservation. Our library is committed to supporting a healthy environment and community.

We support the seven tenets of Bay-Friendly landscaping. Find the signs throughout the library grounds to learn how our landscape supports our environment.

Landscape Locally

Landscape for Less to the Landfill

Nurture the Soil

Conserve Water

Conserve Energy

Protect Water and Air Quality

Create and Protect Wildlife Habitat

For More Information

The Bay-Friendly Landscaping and Gardening Program has resources for landscape professionals and home gardeners, including Bay-Friendly publications, professional trainings, tours and other events.
