

### DIY WITH BPL

We're more than just hammers. But if you need those, we've got about 30 different kinds of them, along with thousands of other tools you can check out for free, and plenty of knowledgeable, friendly advice on how to get the job done right. Plus there's a sizeable collection of helpful how-to books, videos, and DVDs on construction projects, gardening, plumbing, electrical work, and more, right next door at the South Branch Library, to help you get that weekend project finally finished.

### GET BUSY, BERKELEY

Berkeley residents over the age of 18, and people who own property in Berkeley, can check out up to 10 tools at a time from the Tool Lending Library. Tools may be borrowed for 3 or 7 days, depending on the item. All you need is a photo ID, a Berkeley Public Library card, and a recently received utility bill, taxbill or current lease showing your name and Berkeley address. Call us for more information about how to get started.

### FINISH THE JOB RIGHT

Our tools are in high demand, so it's important to bring them back on time, and only when the Tool Lending Library is open. Fines for overdue tools range from \$1 to \$18 per day. There are additional fines for returning tools dirty or damaged.

### SAWS, SANDERS, AND DRILLS — BUILD IT, FIX IT, MOVE IT

Weed eaters, hedge trimmers, demolition hammers and electric snakes are some of our most popular items. Ladders, cement mixers, hand trucks and dollies, plumbing tools, pipe threaders, circular saws, sanders, table saws, drills, wheelbarrows, and post-hole diggers are not far behind. But that's just for starters.
