SUPPLEMENTAL COMMUNICATIONS AND REPORTS:

1. Debbie Carton letter regarding Board of Library Meeting start time
I want to speak about changing the time for BOLT meetings. Currently with 5:30 start time for public comment and Union report, all fulltime staff are at work at this hour. The 5:30 start time precludes staff attendance. While supervisors have been notified to flex time as much as possible to allow staff to attend (at least one from each branch), current start time is during the closing hour for Central library, when more hands are needed to safely close the building. It’s also during the lunch hour period for the branches, once again making it difficult for supervisors to release employees to attend BOLT. This means that if an entire department wishes to attend BOLT to make a statement, they will be unable to, as employees are needed to keep the library open and/or support closing procedures.

Library employees are not alone in working until 6- it’s a standard end of the workday for many businesses, public and private. This means that much of the public, who are welcome at BOLT meetings, are likewise impacted in their ability to attend and speak to BOLT about their concerns.

“Public” is our middle name. Please keep BOLT meetings more easily accessible to the public we serve, and to the front line staff who serve the public.

At one time, BOLT meetings started at 7 p.m. The start time was moved up because there was a time when BOLT meetings ran very late, due to large crowds of attendees (both staff and public) and controversial issues. However, as BOLT meetings now tend not to last for 3 hours, moving the meetings to a later start time would send a message to both staff and the public we all serve that their attendance and input are encouraged.

Thank you.
To: Board of Library Trustees  
From: Jeff Scott, Director of Library Services  
Subject: Reappoint Trustee Julie Holcomb to serve a second four-year term commencing May 15, 2015

RECOMMENDATION
Adopt a resolution approving the recommendation to City Council to reappoint Trustee Julie Holcomb to serve a second four-year term commencing May 15, 2015.

BACKGROUND
The Board of Library Trustees consists of five members appointed by the City Council upon recommendation of the Board of Library Trustees. Board members are appointed for terms of four years, serve without compensation, and must be Berkeley residents.

Trustee Julie Holcomb’s first four year term will end on May 14, 2015. The Board may choose to recommend to the City Council reappointment of Trustee Holcomb to a second term or initiate a recruitment process to select a new applicant.

FISCAL IMPACT
There is no fiscal impact.

CURRENT SITUATION AND ITS EFFECTS
Trustee Holcomb is currently serving as a Trustee as a result of her appointment to the board by City Council resolution on May 5, 2011 for a four-year term commencing May 14, 2011. Per Berkeley Municipal Code Chapter 3.04.010, “The term of office of the members of the board shall be four (4) years.” The practice of the Board has been to support Trustees expressing an interest in serving a second term of office by putting forward a recommendation to the City Council in advance of the terms expiration to ensure continuity and a full complement of Trustees to conduct business.

Trustee Holcomb has indicated a willingness and desire to serve a second term.
FUTURE ACTION

There is no action required.

FROM: Jeff Scott, Director of Library Services
SUBJECT: REGULAR MEETING START TIME FOR THE BOARD OF LIBRARY TRUSTEES

RECOMMENDATION
Adopt a resolution approving the Board of Library Trustees meeting start time.

FISCAL IMPACT
This report will have no fiscal impacts.

BACKGROUND
The Board of Library Trustees approves the following year’s regular meeting schedule during one of its last meetings toward the end of each year. These regular meeting dates occur on the second Wednesday of each month, except for August due to a meeting recess. The board approved the 2015 schedule of meeting dates and a start time of 5:30PM by resolution # R14-065 on November 12, 2014.

The board may choose to change any part of their regular meeting schedule, including the date, time or location and to schedule special meetings as needed in accordance with the Brown Act and the City of Berkeley Commissioners’ Manual.

CURRENT SITUATION AND ITS EFFECTS
At the February 11, 2015 regular meeting of the Board of Library Trustees, during the staff reports segment the staff labor representative expressed concerns about staff ability to attend board meetings at the scheduled start time of 5:30PM and requested that the board reconsider revising the start time to a later time to allow more staff to attend the meetings. Consequently, during the agenda building segment for the March 11, 2015 meeting, the trustees agreed to start the March meeting at 6:30PM and to place on that meeting’s agenda the item to discuss revising the start time.

After discussion, the board may choose to maintain or revise the currently scheduled 5:30PM start time.

FUTURE ACTION
No further action is required.

Approved by Board of Library Trustees at the November 12, 2014 Meeting Resolution # R14-065
TO: Board of Library Trustees

FROM: Jeff Scott, Director of Library Services

SUBJECT: Renaming of South Branch Library

RECOMMENDATION

Receive report from Jeff Scott, regarding update on South Branch Library Renaming.

FISCAL IMPACT

There is no fiscal impact from this report.

BACKGROUND

At the February 11, 2015 Board of Library Trustees (BOLT) meeting, the Library received Mr. Charles Austin's request to rename the South Branch Library after Ms. Tarea Hall Pittman. A letter was attached detailing her accomplishments as was a petition, with 1,000 signatures, to change the name. As per the Library Facilities Naming Policy, the submitted information was reviewed by staff.

CURRENT SITUATION AND ITS EFFECTS

The Library has very specific requirements to consider renaming a library facility. The Library Facilities Naming Policy was approved by the Board of Library Trustees on January 11, 2012 by resolution #12-004 and revised on February 12, 2015 by resolution #14-014 (attachment 1).

Of particular note are items 3e and item 4:

3. The Board of Library Trustees shall recommend a change to the name of a specific branch library only where:

   e. A proposed honoree is associated with a myriad of services and has dedicated a substantial amount of energy, time, resources, leadership and/or volunteer service to improve and benefit the Berkeley Public Library system or the library facility in question.

   The depth and breadth of the contributions must be obvious and compelling and must reflect a dedication and beneficence to the Berkeley Public Library system or the library facility in question over a great span of time.
4. Adding the name of a person to a library facility is reserved for the rare individual whose dedication and service to the Berkeley Public Library system or the library facility in question is extraordinary, unique and of the highest quality."

In addition, the Procedures for Evaluating Proposals to Change the Name of a Library Facility state:

1. If the proposal involves the addition of the name of a person to the geographic name of a library, the proponents of the name addition will be asked to provide thorough and rigorous written research demonstrating that the proposed honoree meets the stringent criteria set forth in this Policy.

At this time, we have not received information on these items from the requesting group, per the Library Facilities Naming Policy. Until this information is received by the Library, the renaming process cannot proceed. Mr. Austin approached the Library to request more time to perform the written research regarding Ms. Tarea Hall Pittman’s direct involvement with the library. Library staff will review this information once it is submitted and make a recommendation to the board at its April 22, 2015 meeting.

FURTHER ACTION

No further action is needed.

1) Library Facilities Naming Policy
It has been the practice of the Board of Library Trustees for the Berkeley Public Library, and shall henceforth be the formal policy of the Board, to name libraries according to their geographic location in the City and/or to identify each branch facility with the neighborhood where it is located or the neighborhood it primarily serves. This policy enables patrons to easily ascertain the general location of a Library facility. While Berkeley’s Central Library was originally known as “Main,” our North, South, Claremont and West branch libraries have maintained their original names since the early part of the 20th century, although they have all changed locations at least once, and an “Ashby” branch was apparently merged into the South Berkeley Branch in 1927.

1. This policy includes the naming of rooms or other areas or features within branch libraries or within other library facilities.

2. It shall be the general policy of the Board not to name any library facility for any person, living or deceased. However, in the rare instance where there are reasons so compelling that adding the name of a person to the geographic name of a specific branch library, or to another library facility, may be appropriate, it shall be the policy of the Berkeley Public Library not to recommend the naming of any library facility for any living person, or for any person deceased less than five years. This restriction permits the Board of Library Trustees to evaluate the lifetime contributions and accomplishments of a proposed honoree, and protects from making decisions in reaction to transitory or emotional considerations.

3. The Board of Library Trustees shall recommend a change to the name of a specific branch library only where:

   a. There must be a strong consensus among library users and, residents of the surrounding neighborhood, to change the name of the library facility in question;

   b. The new name should avoid controversy and not carry the banner of a transitory cause, no matter how worthy, but rather, reflect the tradition and stability of the Library as an institution, and

   c. It must be in the public interest to approve the proposed name.

   d. A proposed honoree should reflect the spirit of the Berkeley Public Library's mission of free and equal access to information for all;

   e. A proposed honoree is associated with a myriad of services and has dedicated a substantial amount of energy, time, resources, leadership and/or volunteer service to improve and benefit the Berkeley Public Library system or the library facility in question. The depth and breadth of the contributions must be obvious and compelling and must reflect a dedication and beneficence to the Berkeley Public Library system or the library facility in question over a great span of time.

4. Adding the name of a person to a library facility is reserved for the rare individual whose dedication and service to the Berkeley Public Library system or the library facility in question is extraordinary, unique and of the highest quality.
PROCEDURES FOR EVALUATING PROPOSALS TO CHANGE THE NAME OF A LIBRARY FACILITY

Procedures for naming or renaming a library facility or space therein is covered in, The Berkeley City Council Rules of Procedure and Order. The Board of Library Trustees is the designated ‘lead commission’: overseeing, evaluating, and ultimately advising the council on any naming or renaming application of a public facility, in this case library operated facilities. The city policy further states, the lead commission shall receive and coordinate comment and input from other commissions and the public as appropriate. The procedure for hearing requests is set by the City of Berkeley, City Council Policy. Following completion of the process, the Board shall forward to Council its recommendation for final consideration.

In Addition,

1. If the proposal involves the addition of the name of a person to the geographic name of a library, the proponents of the name addition will be asked to provide thorough and rigorous written research demonstrating that the proposed honoree meets the stringent criteria set forth in this Policy.

2. The Board Chair shall schedule one or more meetings in the branch library for which the name is proposed and/or elsewhere in the neighborhood served by such facility, to obtain direct testimony from members of the public living in the neighborhood of the facility.

3. After giving proponents of the name change and the public an opportunity to be heard, after obtaining direct neighborhood testimony (in the case of a branch library proposed name change), and upon proper notice, the Board of Library Trustees shall call for a vote on the issue of whether the proposal meets the criteria set forth in this Policy and whether it is in the public interest to change the name of a library facility. The affirmative vote by a majority of the members of the Board of Library Trustees shall be required to recommend the change of a name of a library facility. In all cases involving branch libraries, the geographic name of the facility shall precede any added honorific name.

4. The Board of Library Trustees shall, either at the time it votes to recommend a name change, or in a subsequent meeting, designate the method of display of the new name or addition, which may be by exterior building signage, interior plaque, or any other means appropriate to the specific site. The party who proposed a name change of a branch library or other library facility shall bear all costs associated with changing the name, including staff time and material expenses, unless the Board of Library Trustees finds it in the public interest to waive this requirement in whole or in part.

CURRENT SITUATION AND ITS EFFECTS

Update on Teen Renovation at Central AKA Inventing Your Library
On February 25th we had our kick-off meeting for Inventing Your Library (formerly referred to as the Teen Renovation at Central) with 13 students from a variety of locations in Berkeley. The group was tasked with 3 goals:

- Educating about architectural projects.
- Inform about space and goals (interaction and use)
- Inform about preferences (furniture, sound design and carpet)

BOLT will meet with this group at the April meeting. So far we are receiving a great deal of feedback and positive energy from the group.

Update on Security Audit
The Security Team had their first meeting on February 18th for a webinar (How to Respond to a Security Incident in Your Library 90-minute workshop with Dr. Steve Albrecht) with a subsequent follow-up meeting. The Team also attended a webinar, Emergency Preparedness: Response and Recovery (http://www.amigos.org/node/1912, on February 24 and 26th. We are currently investigating using online tools to develop disaster, emergency operation plan. We are currently reviewing our behavior
policy to make adjustments along with training. We should see that come before BOLT in the next few months.

**Update on Strategic Plan**

In the past month I have met with various local agencies and officials to revisit our strategic planning notes. I am working with the library managers to align services to best meet community needs. This information will be reflected in the draft of the Strategic Plan.

**2015 Berkeley Design Advocates (BDA) Design Awards**

Berkeley Design Advocates has selected both South Branch and West Branch as part of a group of twelve outstanding projects that were completed between January 2013 and December 2014. The 11th biennial BDA Design Awards ceremony will be held on Wednesday March 18, starting at 6:30 pm, at the Aurora Theater, 2081 Addison Street, downtown Berkeley.

**West Branch Library Zero Net**

Numerous articles attached about Berkeley Public Library’s West Branch distinction as the first “Zero Net Library” in California. Kudos to all the architects, contractors, staff, and the community for making this happen.

**Organizational Chart Change**

As part of the strategic planning process we will need to make some organizational chart changes. This is reflected in the budget workshop documentation. We are moving Technical Services away from information Technology and placing them with Collection Development. This will allow Collection Development and Technical Services work closely together on issues with the collection. Collection Development orders and tracks library materials and Technical Services processes and maintains the library’s collection.

Further changes will have Adult Services report directly to the Director of Library Services to allow increased focus on Collection Development changes. This will also broaden Anwan Baker and Joy Shioshita’s role in managing the Central Library.

Lastly, we will have a proposal to centralize the collection development ordering. Currently, we have over 25 selectors at the library who each have to manage the technical ordering. It takes up about 20% of their time. The goal is to reduce the amount of technical ordering these selectors do to free up that time for other tasks in alignment with the strategic plan. We are currently working with selectors to develop a plan to reduce their workload while also allowing them to provide input and specialty for the collection.

**Public Library Director’s forum**

The California State Librarian Greg Lucas calls an annual Public Library Director’s Forum. This year was in Ontario California. This forum allows library directors from throughout the state to converse and discuss state-wide issues with the library budget, reporting, and a coordinative way forward for libraries. This is a valuable feedback loop that informs the State Librarian for the funding needs at the local level. The State Library currently distributes funding through the California Library Services Act.
Monthly Staff Meetings

I am currently working on a plan to hold monthly staff meetings. My goal is improve staff communication without harming public hours. I will put together a proposal at the next BOLT meeting to hold the meetings on the last Friday of the month.

1) West Branch Library Zero Net
2) 2015 Berkeley Design Advocates (BDA) Design Awards
Berkeley’s West Branch first ‘net zero’ library in the state

February 19, 2015 2:30 pm by Frances Dinkelspiel

The West Branch of the Berkeley Public Library, which opened in December 2013, produced more energy that it used in 2014, and it has been officially anointed as the first “net zero” library in the state and only the third municipal building of its kind in the nation.

“Libraries embody a community’s values,” Jeff Scott, the Director of Library Services, said in a press release announcing the energy savings. “It’s fitting that the Berkeley Public Library’s West Berkeley branch brings together City values of education and sustainability. This is an amazing accomplishment by Berkeley voters, library patrons, a dedicated group of Berkeley Public Library staff and our local design firms and contractors.”

The announcement comes shortly after the release of the library’s annual report, which was full of interesting user statistics, and the library’s major annual fundraising event, the Author’s Dinner, put on by the Berkeley Public Library Foundation (see a photo gallery of the evening below).

Highlights of the Berkeley Public Library’s annual report include:

- Library staff issued 109,078 new library cards, which featured five new designs.
- Materials from books and media circulated 1,973,998 times.
- Staff answered 320,385 reference questions – a 66% increase over last year.
- There were 176,479 computer sessions logged during the year.
- The library launched a new website and saw 400,000 visits in the first five months alone.
- The branch libraries extended their hours, raising the number of open hours to 52 per week.
- Despite the closure of West Branch for part of FY 2014, there were more than 1.3 million visitors to the system.
- In 2014, there were 1,433,562 uses of the library’s electronic resources—databases, e-books, digital magazines and streaming/downloadable music. That included 146,030 checkouts from the library’s e-book collection, 11,505 checkouts on the e-magazine service, and 14,000 songs from a streaming and downloadable music platform.
- Volunteers in BerkeleyREADS, the adult and family literacy program recorded 6,120 tutoring hours, 1,000 more hours than last year. The 170 volunteer tutors helped 220 adult learners.
- The library put on more than 2,000 programs.
- The largest group of attendees was preschoolers. The 25,000 preschoolers at library programs represented 49% of the total program attendance – about five visits per Berkeley preschooler.

The beauty of the main library was put on display on Feb. 7, when the Berkeley Public Library Foundation hosted its 13th annual Authors’ Dinner. Hundreds of guests sat with celebrated authors and supported the library programs through ticket sales and a silent auction. Kathy Huff, the new executive director of the foundation, was also introduced.

Huff, an East Bay resident, has more than 20 years experience working in non-profit leadership and fundraising. Huff earned a Master of Divinity degree from Harvard University and then worked with religious institutions with a focus on economic and environmental justice, affordable housing, public education, LGBTQ equality, and global human rights.
The dinner showcased the work of 30 authors, including Berkeley residents and those with UC Berkeley affiliations, such as Molly Katzen, Cal Peternall, Kermit Lynch, Daphne Miller, Chris Benton, Edward Frenkel, Donlyn Lyndon, Erin Scott, Terry Shames, Erik Tarloff, and Monica Wesolowska.

Other honored authors included Kathryn Ma, Victoria Wise, Louise Aronson, Katie Crouch, Sylvie Simmons, Dean Rader, Eve Pell, Bich Minh Nguyen, Edan Lepucki, Mick LaSalle, Joan Frank, Elizabeth Fischel, Angela Dominguez, Robert Dawson, Gregory Bellow, Natalie Baszile, Kim Bancroft, Jim Alinder, and Mary Street Alinder.

Bill Schechner and Natalie Baszile, author of Queen Sugar. Oprah Winfrey just announced that she has optioned the book for her OWN network and will star in a mini-series that will be directed by Ava DuVernay, the director of Selma. Photo: Richard Friedman

Dear Ms Quijano:

Re: 2015 BDA Design Awards

Congratulations! Your submission to Berkeley Design Advocates for the South Berkeley Branch Library has been reviewed by our jury and selected to be recognized at our biennial Design Awards ceremony. This year we will honor 12 outstanding projects that were completed between January 2013 and December 2014.

Please accept our invitation to attend the 11th biennial BDA Design Awards ceremony. The ceremony will be held on Wednesday March 18, starting at 630pm, at the Aurora Theater, 2081 Addison Street, downtown Berkeley (adjacent to the Berkeley Rep). We expect that city staff and city councilmembers will be in attendance to join BDA in recognizing your accomplishment.

We offer our winners the opportunity to display one easel mounted board describing the project, which will be in the foyer of Aurora for inspection prior to the ceremony. In addition, we display images of the project during the recognition ceremony and may need additional images beyond what you submitted. Finally, we strongly encourage the entire project team to attend, including subconsultants, contractors and tradespeople, so we may recognize the entire scope of the project and the professions and trades that made it possible. Please coordinate with me on these graphic items prior to March 10 (email: phil@thearchitects.com or call 510-612-7901).

Berkeley Design Advocates is dedicated to improving the built environment and has worked for good planning and design in Berkeley since 1973. Our biennial design awards are the opportunity for the Berkeley community to celebrate great design in the built environment. We hope that you can join us for this fun and often inspirational event. We look forward to seeing you.

Highlights

There were 4 Library on Wheels events in February including our first visit to the South Berkeley Senior Center. During this visit, we promoted our computer classes and gave an onsite class on using the Library’s website to find books, stream movies and more. We also made our second visit to Berkeley City College where we talked about the Library’s online services and made library cards for students and staff. The Library on Wheels and staff also visited the North and South Berkeley Farmers’ Markets. At the South Market, we were joined by Andrea and Josh from the South Branch who did a special comic book button making craft event. Over 20 kids made their own buttons using discarded graphic novels from the library’s collection. In February, The Library on Wheels signed up 19 people for library cards and checked out 28 items. Here are some photos from our visits to BCC, The North Berkeley Market, and the South Berkeley Market. The Library on Wheels service is sponsored by the Berkeley Public Library Foundation.

General Information

The Central Reference desk was especially busy in February with an increased volume of tax-related and Affordable Care Act (ACA) questions. To address concerns patrons have about the ACA enrollment process, Reference staff partnered with American Health Advocates to visit Central for enrollment assistance. 76 people came in for advice and 32 people were enrolled. Reference staff, also busy with programming, had almost 200 patrons attending Super Cinema.

Staff worked on designing new signage for the 3rd floor magazine area this month and will replace the existing signage in March. Reference staff worked on weeding the 500s and reference areas of the collection during February. Anwan Baker and Dan Beringhele began an 8-week computer class for seniors this month. This class was developed from a partnership formed with the Center for Independent living during the spring 2014 community engagement component of our Strategic Planning efforts.

The Central Art & Music department continued to work on weeding the reference collection during the month of February. A&M had a busy month with 4 programs and an Art Exhibit reception for Islamic Art Exhibit (IAE) who presented a group art exhibition “Women of Islam”. The exhibiting artists gave an informative calligraphy demonstration and a brief overview of IAE and contemporary Islamic Art.

A&M librarian Debbie Carton visited staff at Northbrae Music Appreciation class to coordinate a visit to A&M. A&M staff also set up a meeting with UCB’s head music librarian to discuss possibilities for future program collaborations.
The A&M department had some staffing changes in February with Dayna Holz resigning her position as Librarian II, Michele McKenzie beginning her sabbatical, and Rudy Tapia being selected as a NTE 6 month full time Specialist II.

Armin Arethna completed her service on the Newbery Medal selection committee. Award winners were announced in early February during the ALA Midwinter Meeting.

Central Children’s staff found a leftover bag of “I Have A Library Card” buttons with “Berkeley” misspelled, missing the second “e.” These buttons are given to children receiving their first library card. About 10 years ago, BPL ordered a large number of buttons, and staff did not discover the misprint until multiple children had received the buttons. At the time, the misspelled buttons were sent to the Berkley Public Library in Michigan, so we did the same with this leftover bag of misprinted buttons. Evidently the Michigan library had almost run out of the buttons, and the additional batch arrived at an opportune time. BPL was publicly thanked on the Michigan library’s Facebook page (see screenshot below). The story also captured television, newspaper, and online media attention.

At our monthly LEGO program, a 5-year-old participant diligently worked for over an hour to build a village.
One Wednesday morning this month, we had a particularly long line of strollers belonging to story time attendees, multiple double-wide models included.

General Information

The entire department has received CPR training. Most staff attended the training this month, and the supervising librarian had been recertified in November 2014. CCR librarians who sometimes serve as the supervisor in charge (the entire department, minus our Specialist) also received Bloodborne Pathogen training.

Nonfiction DVDs were shifted to prepare for removing the top row of metal shelving in the children’s DVD area. Safety consultant Warren Graham recommended this adjustment to the shelving height to improve sightlines.
Busy times in Circulation. Returns were high during the month of February and the President’s Day holiday kept staff that sort and shelve library materials busy.

Our outstanding Library Assistant Rudy Tapia was selected by Art and Music to fill the temporary 40 hour Library Specialist 2 position. Rudy began his position on Monday March 2 and is missed already.

Russell Keys, Sam Clemons, and Barry Futterman attended the Blood Borne Pathogen / CPR training workshop on Thursday February 26. The training was excellent which will make dealing with Blood Borne Pathogens and CPR less of a mystery. We also received cards which validate our training in case we are ever called upon to use those newfound skills.

Books By Mail continues grow. We are still feeling our way through this new service as some of the patrons present challenges ranging from not being satisfied with some of the materials they are sent, to one patron writing on the delivery pouch demanding us to cancel the service because she failed to turn the return address card over and the post office kept re-delivering the bag she just returned, to another patron slicing the delivery bag open with a knife because he didn’t realize he could just cut the zip-tie sealing the bag. Slowly these kinks will get worked out and we expect the service to operate just fine.

Summary of activities at Claremont:

On February 12th we had the 5th meeting of the Claremont Poetry Circle, with 5 people attending, 3 of whom were return attendees. Participants shared their own work plus poetry by Robert Frost, Lord Byron, Louise Gluck, and others. One new participant had only brought her own work and I asked if she would feel comfortable cold reading a random poem from an anthology; she was agreeable and seemed to enjoy it and read the poem well. Two participants read from their cell phone screens. Everybody got three turns. Positive feelings. When leaving, promises to return. – Glenn

Genre Month festivities – February was Romance month! Nikki spearheaded the fun Blind Date with a Book event at Claremont, with staff from all levels submitting kids, teen and adult titles for this project (pictures attached). Michael offered a special Valentine’s Day craft and story program that drew 15 children and 14 adults and the I Heart Me, Too event drew 9 attendees. This Self-compassion workshop led by Neesha Patel was well-received, with participants giving it high marks and lingering long after the event to connect with each other and Neesha. February’s Read and Share book club also had a romance-related theme, with most participants sharing a title that dealt with the theme of love in its many guises.

Though we continue to have issues with the Northern-most fireplace igniting, all other building concerns (drainage on Ashby, locking gate on Ashby) have been successfully resolved by Walter and his team!

Karin and Shani attended the Blood Borne Pathogen/CPR training at Central. Nikki continues to be very active on the DesignThink committee. Next month Nikki will launch a new programming initiative for
Teens which grew out of feedback from the kids who come regularly to the branch. She’ll be starting a book club and will begin by reading all of the Harry Potter series over the next few months.

Together with staff, the Collection Development team has reviewed our database holdings and will amend the offerings in both content and presentation to make them more user friendly. Look for a database page facelift in the coming months.

Collection Development is moving to more centralized selection in the new fiscal year, our team is building a framework for a successful transition and keeping staff suggestions and feedback in mind as we tailor the new system.

We continue to find ways to make the patron experience better with high quality materials and modernized workflow to get those materials to our community more efficiently.
Highlights

Facilities participated as liaison for planning and providing technical assistance for the 2015 Authors Dinner held at Central on Saturday February 7th.

Facilities were implemental in the planning, removal, and installation of carpet in the Collection Development offices and the patching, painting, and removal of selected existing office furniture in the Administration and Collection Development Offices at Central. New furniture was installed in these offices during the month of February.

Facilities were implemental in planning the CPR & Blood Borne Pathogen Training held at Central on Thursday February 26th. The training was held by ICE Safety Solutions and (25) Central and Branch staff personnel participated.

General Information

Summary of activities (addressed work orders generated through Solar Winds and responded to emergency requests.)
Highlights

*Training & Development*

Staff participated in multiple training development activities this month. Berkeley Public Library contracted with ICE Safety Solutions to provide over 24 employees training on CPR/Blood Borne Pathogen. This training was critical in our work of refining the Library’s safety response procedures and increasing overall staff preparedness for handling real life emergencies. Due the overwhelming positive response, we are planning to offer a second course later this year. Lastly, the Library continues to seek creative ways for providing training to staff that is convenient and easily accessible. This fiscal year we have renewed our subscription with Lynda.com including purchasing additional licenses to meet the needs of staff. Lynda.com is a web-based training portal that offers thousands of training courses ranging from business communications, computer software tutorials to web design.

*Volunteer Program*

Our volunteer program has seen a steady flow of new volunteer applications. With the generous support of volunteers we are able to continue the vital work of serving the Berkeley community. BPL has successfully developed a partnership with Computer Technologies Program (CTP) to expand our volunteer pool and afford CTP students to gain real world experience in their area of study – Network and Technical Support. CTP students are paired with library staff to support our BPL staff in the electronic classroom and/or serve as a technology helper for patrons.

*Staffing*

We currently have vacancies in our Library Specialist II classification due to a recent retirement and resignation. These vacancies are being filled temporary by BPL staff which allows staff the opportunity to gain experience working in a higher classification and developed skills for upward career mobility.

*General Information*

Planning is underway for additional training development, volunteer and employee recognition events in the upcoming months.

A recent achievement in the IT division is the completion of a project to standardize all public and staff computers on the Windows 7 operating system, and replacing the majority of staff computers at the Central Library with new PCs. Following the Branch Libraries’ complete technology replacement during the 4 year Branch Renovation project, Central Library was the final location to receive upgraded systems. Standardizing on Windows 7, which is the current industry standard for business level computing, improves back end management of all of the Library’s approximately 350 systems and allows IT staff to focus more on other priorities.

Additional achievements include:

- Upgrading all circulating laptops with Solid State Drives (SSDs), a more recent hard disk technology which significantly increases the speed of startup, overall operation and system performance. Feedback on this upgrade has been positive;

- Installing Digital Video Recorder/Capture (DVRs) units at the West, North and South branch Library Community Meeting Rooms for use by staff and public to record events and meetings. The units are integrated with each room’s A/V system and allow us to simultaneously capture presenters and their presentations in one video. They can be controlled via the already existing touch panels. Documentation and training plans are in progress;

- Ensuring compliance to the Payment Card Industry (PCI) security standards by transitioning the “Pay Fines Online” system to a PCI certified vendor. This was part of a City wide initiative to become PCI compliant.

- IT has installed the latest standard in security certificates (SSL / TLS 1.2) on our catalog servers (Encore and Classic Catalog) and the Contact Us feedback server in order to secure private information going to our web site and catalog.
Highlights

- **Romance novelist Stacy Finz** kicked off genre month on February 5 with a spirited, informative session on how to write a romance novel, what exactly are the differences between romance, ‘women’s fiction,’ and erotica, how to get published, and how to actually crank out 300 pages every four months.

- Then, on February 14, 25 self-proclaimed love-haters embraced their bitterness at North’s **Anti-Valentine’s Party**: taking out happy loving couples in Cupid’s Shooting Gallery, decorating (and devouring) delicious black heart cookies, crafting duct-tape roses (black, of course), despoiling romantic classics, Mad-Libs style, and generally rocking out to the least romantic playlist Jack and Bill could concoct.

North’s monthly **Book Club** read and discussed Eric Larson’s *In the Garden of Beasts*. Of particular note: one participant shared stories of her immigration into the U.S. from Germany as a seven-year-old in 1938. Living history!

- Throughout the month, staff at North sent 47 adventurous patrons on **blind-dates with books** by selecting favorite titles from the shelves, writing brief, clever descriptions, and attaching those descriptions to the items after they had been lovingly gift-wrapped by Jack’s teens. Patrons were encouraged to try something new, but not to unwrap the books until they had checked them out.

- **Maasai Warrior Chieftain Salaton Ole Ntutu** visited North on Saturday, February 28 to the delight and enlightenment of 78 visitors, who learned about the culture and heritage of Salaton and his native Kenyan tribe.
• **Asheba Asheba** graced North on February 11 with his delightful brand of Caribbean musical storytelling.

• The always-popular **Paws to Read** program concluded its Winter session at North, and will resume in March.

• Also perpetually popular are the **Teen Crafting** and **Game-Playing** events. Over 125 teens participated in one or more of these events in February.

• An interactive, audio-visual display on the history of the **Free Speech Movement** in Berkeley has been so popular with patrons at North that it will remain at least through the month of March. Patrons are frequently seen stopping to watch and listen to footage and audio of ‘heroes’ of the movement, including the ubiquitous Mario Savio.

**General Information**

• Many illnesses among staff at North in February

• David Howd and Gaby Fernandez attended CPR/BBP training

• David Howd volunteered at and attended the annual Performer’s Showcase

• Bill Kolb joined the Library Security Task Force

• Bill Kolb began mentoring/assisting Syracuse Library School Student Lana Kang as she nears completion of her MLIS

South Branch librarians connected with many neighbors at the South Berkeley Farmer’s Market on February 17. Joined by librarians with the Library on Wheels, we made buttons out of comics and comics cootie catchers in preparation for a comics drawing workshop hosted at the branch on the 19th.

A screening of the Princess Bride on the 18th was targeted to teens but drew an intergenerational audience with viewers aged 2 to 60+.

Blind Date With a book ran for several weeks and patrons checked out 46 books! Some were duds, but many patrons commented on how much fun it was to take a chance on something.

Valentines for Vets was well-attended by kids who were having so much fun they did not want to leave. We extended the time for this program and over 40 attendees made dozens of cards that were shared with vets in a local hospital.

South Children’s Report:

Highlights

February was an incredible month for programming here at the South Library. Every single Saturday saw us conducting programs for an excited public. On the 7th we had an all-ages event where people made Valentine’s cards with a focus on veterans at the VA hospital in Oakland (it was the closest). Then on February 21st, we had a Black history month program of performance of the works of Paul Robeson to the accompaniment of live music that drew in many, many seniors. The community room was packed to capacity – it holds about 110 people.

On February 28th we presented a free movie for all ages. The film was “Crooklyn”, a story of an eclectic family in Brooklyn as they experience one life-change summer in the 70’s as told through the eyes of 10 year African-American girl.
February was a short but exciting month for South Children’s. Kirk Waller performed on Saturday February 14\textsuperscript{th} and entranced a large group of mostly preschoolers. Kirk is a dynamic storyteller who is based in the SF Bay area but tells nationally and internationally.

We had a comic making event for kids that was well received. Kids learned about making comics and then drew their own creations. Please see pictures below.

Tuesday morning baby/toddler time continues to be well attended with a consistent following. Parent/child Yoga has started a 7 week session but has not developed a strong attendance yet.

**General Information**

Graphic Novels moved to make room for this high interest collection to grow. Chinese language collection maintenance nearing completion.

As forecasted in a memo BOLT in December 2014, Technical Services has now completed the process of adding Midwest Tape to the list of vendors who supply materials in “shelf ready” condition when they are received at the Library. Midwest Tape supplies the Library with the majority of audiobooks and DVDs that are added to the collection each year. Advantages to ordering materials in “shelf ready” condition include a faster time to the shelf once received at the Library, a reduction in the number of staff handling the materials and the ability to continually streamline workflow processes in order to allow staff to focus on work that is of high priority to the Library.

“Shelf Ready” shipments will begin this month. Greg McKean (Supervising Librarian), Shiok Lim (Librarian II) and Leticia Cendejas (Specialist II) were all instrumental in working with the vendor and moving this process along.

Total new titles for February 2015: 1633
Teen Services is in the midst of two very exciting initiatives: Inventing Your Library and designthinking.

Our first meeting of teens and architects was a huge success with a healthy turnout of engaged teens and middle schoolers ready to jump in and share their vision of this new space. Noll and Tam are great at inviting feedback and listening to teens, the teens are dreaming big. Special thanks to The Berkeley Public Library Foundation for making these meetings and collaborations possible.

Teen staff continue to think out of the box with ‘designthinking’, developing new programming and ways to engage youth in our community. More details will follow with results of the workshops.

Our Teen Services librarians ran with Blind Date with a Book across our library system, sharing titles to love. We also provided a venue for cynical teens with Anti-Valentine’s Day events, so fun!

West Branch expanded musical appreciation with a musical instrument petting zoo, where folks were introduced to over 50 different types of instruments.

Make Some Thing is taking off in all of our locations, with crafts and creations as inventive as our teens and middle-schoolers.
Earlier last month one of our long-time patrons revealed to Angel and me that she has been doing research on her genealogy online, and has fairly good evidence that she is a direct descendant of Bach. That’s Johan Sebastian Bach! Knowing that Bach’s great-great-great etc. granddaughter uses the Tool Library could possibly make waves in the classical world.

She might also be related to Jim Bowie, the inventor of the Bowie knife, but according to our patron, “He was bad news.” Nonetheless, I imagine knife-makers and other tool appreciators might be very excited by that news.

Each day is a very full slice of life here at the Tool Library. Our spring rush seems to have arrived a month early. In preparation, on Monday I pinned the heads on six new weed-eaters and put them into the database. Tuesday in odd moments I carved their numbers and our cautions onto the tools, and Wednesday at noon we sent four of them out, along with another ten that had returned the night before. We are now up to 23 of those very sought-after tools! As I write, there are two on the shelf and 21 out and about working.

Today a patron brought us a lovely arrangement of flowers in a bottle that is now sprucing up our service desk – didn’t borrow anything, just brought us flowers.

Another patron is redoing his roof, and we discussed and then gave him everything he would need, including a ladder, a hammer, a staple gun for tar paper, chalk line for layout, and tin snips for metal roof edging. (He had a shingle knife.)

And every day our patrons are doing courageous things. Today I gave out a power snake to two women who have a company making women’s pajamas. They had never tried their hand at clearing out the plumbing, but we walked them through the process and they happily wheeled the snake out the door.

A few minutes later another patron returned a hand snake that she used on their tub. She said that the snake worked fine, but what really worked was the excellent advice given to her by Jim, our intermittent, who showed her how to take off the overflow and work the snake in from there. She admitted that both she and her 15-year-old daughter have very long hair, and despite the long and disgusting hanks of what they had retrieved, they still had no plans to do a make-over a la Sinead O’Connor.
February 7th: Oakland Youth Chorus
This performance group attracted 45 attendees on a rainy, Saturday afternoon. Twelve, talented teens from the east bay performed a cappella music—some spirituals and music from the Color of Purple—in honor of African American History month. Patrons praised the group and requested we bring them back in the future.

February 11th: Valentine Craft
A small but enthusiastic group of kids showed up to make valentines, two of whom attempted to make cards for their entire class!

February 14th: Musical Instrument Petting Zoo.
A combination of 31 teens, parents, and young people came to this program. Jim Carter brought his ever expanding collection of instruments from around the world for people to strum, bang, toot, or shake musical sounds into being. Jim was a long-time M.C. for the Freight & Salvage and he has been repairing and selling instruments at the 45-year-old Berkeley institution, Subway Guitars. Some of the favorite instruments from the 50+ he brought were the didgeridoo, a balalaika, a steel ukulele, and a plastic trombone.

February 28th: Decorate a peg doll
A small but ambitious group showed up to decorate peg dolls. The kids were very appreciative of the craft.

Ongoing: Art, Music & Writing Club
Teens have been adding great artwork and writings to our Teen Room bulletin board. There have been lots of manga-type art and some wonderful digital artwork from a very fine teen artist.

Indigo Ninja by Matty
Art, Music & Writing Board

Ongoing: Make Some Thing Club
There were some lovely duct tape roses given away on Valentine’s Day! Also, the teens have been making some very colorful duct tape wallets. We’re also starting to make high performance paper airplanes to go with the origami creations. The button making is one of the more popular programs, with REALM Charter School buttons flying off the press.

TO: Board of Library Trustees  
FROM: Sarah Dentan, Children’s and Neighborhood Services Manager  
SUBJECT: GRANT: First5 Alameda, Community Support Grant.

INTRODUCTION
This report details a grant application submitted by Sarah Dentan on February 23, 2015.

FISCAL IMPACTS OF RECOMMENDATION
None.

BACKGROUND
Community Support Grant
Berkeley READS, the adult and family literacy program of the Berkeley Public Library, currently conducts family literacy outreach through story visits conducted by trained volunteers, providing quality early learning experiences while promoting Berkeley READS services to parents and caregivers.

The First5 Alameda Community Support Grant is designed to fund activities that contribute to any one of the F5AC strategic plan outcomes, including providing increased access to quality preschool and child care settings and to other early learning experiences.

CURRENT SITUATION AND ITS EFFECTS
Berkeley READS would like to provide outreach to all preschools and child-care settings serving low-literacy families, but are currently only able to serve five sites on a monthly basis. Staff maintains a waiting list of sites that have approached us for service. The limiting factor for this service is the number of suitable volunteers available; currently, the program is only able to accept those with extensive early childhood experience as volunteer story readers, as we have a limited amount of training available for these volunteers.

The Oakland Public Library’s program BOOKS FOR WIDER HORIZONS uses volunteers to provide weekly story visits at preschools and childcare centers throughout the city. Volunteers also provide community outreach for the library. Because they provide a comprehensive training program taking place over several days, as well as tools and resources for story readers, BOOKS FOR WIDER HORIZONS is able to leverage the skills of volunteers from all walks of life, not just retired educators. With this wider volunteer base, OPL is able to reach thousands of children on a weekly basis.
The First5 Alameda Community Support Grant, if funded, will allow Berkeley READS to adapt BOOKS FOR WIDER HORIZONS training to our needs in Berkeley; to enhance the skills of our current volunteer readers; to develop a larger corps of volunteer readers and expand the number of sites visited; provide volunteer opportunities for community members interested in reading to children.

FUTURE ACTION

If granted, the board will be asked to accept and appropriate the funds.
