

## Summer Reading Online with Beanstack:

### Read Off the Beaten Path!

**June 3 – August 6, 2022**

**What is Beanstack?** Beanstack is the Library's web-based summer reading software. It allows you to track your minutes and activities online. There is even an app!

#### How do I sign up?

Go to <https://berkeleypubliclibrary.beanstack.org>

Click on the red "register an individual or family" button.

Fill in the information.

*Note: Beanstack allows families to be linked together so that all family members can be accessed with one login. If you are an adult registering a child, be sure to enter your information under "Adult Information."*

Once you are registered, you will be taken to your account page. This is where you can log your minutes and activities, track the badges you earn, and write book reviews.

#### How do I log minutes and activities?

Go to <https://berkeleypubliclibrary.beanstack.org> or download the Beanstack tracker app for Android and iPhone.

Click on the red "log reading and activities" button in the upper left corner or on the blue plus sign on the app.

Follow the prompts on the screen to log what you have accomplished.

Kids will receive badges for every 20 minutes read. Kids will have completed the challenge at 10 hours. They'll get 10 tickets for reading 10 hours, and if they choose to read more, then can repeat twice more for a total of 30 tickets for 30 hours worth of reading.

Teens and Adults can pick 10 out of 15 activities (including reading) to complete their challenge.

Once you finish your challenge, remember to put your virtual tickets in the ticket drawing tab for whatever prize(s) you would like to put your tickets toward.
